COMMENTS FROM THE TOWN MANAGER'S OFFICE

I am attending the nineteenth New England Manager's Institute Program at Orono on Aug. 17-18-19. There is the usual impressive list of speakers and the program should be very interesting. The subject for the first day is concerned with the role of the manager. The second day's program is sponsored jointly by the Maine School Superintendents' Association and the Maine Town and City Manager's Association. Leaders in the fields of school administration and municipal administration are on the program and it should be a very interesting and informative session. Among the topics on the program are: "The Challenges in School Systems," "Financing Public Schools and the Relationship to General Municipal Finance," "Common Services Potential for School and General Municipal Administration" and "Legal Relationships Between School Units and Municipalities."

The town of Bethel is very well represented on the program. Frederick W. Kneeland, the executive secretary of the State Intergovernmental Relations Commission, will be a speaker on the Wednesday program. His topic will be "Maine's Intergovernmental Relations Commission and the Challenges It Faces."

The speaker at the annual banquet will be Burdick W. Pierce who will speak on the subject of "Behind the Scenes with Telstar." The town should be proud to be so well represented by a present resident, Mr. Pierce, and a former resident, Mr. Kneeland, on the program. I am looking forward to the remainder of the Institute and I am sure it will be an informative and enjoyable program.

MATHEWS RESIGNS; UNION 22 SEEKING SUPT. AGAIN

Floyd Mathews who recently was accepted as Superintendent of School Union No. 22 has resigned to accept an offer from School Union No. 98. Mr. Mathews came to Union 22, comprised of the towns of Bethel, Newry, Gilead, West Paris, Greenwood and Upton, from Island Falls this past July. He had been Superintendent at Island Falls from October of 1963 thru July of 1964.

School Union No. 98, comprised of the towns of Bar Harbor, Cranberry Isles, Mt. Desert, Long Island Plantation, Southwest Harbor, Swan Island, Tremont and Trenton, has offered Mr. Mathews a salary of \$11,000.00 per year. This is \$1,500.00 over his present salary of \$9,500.00 at School Union No. 22.

Union 22 Chairman Lester Bickford stated that there are still four superintendent vacancies in the State of Maine. He further stated that the shortage could not be solved by one school union having superintendents from another union within the same state. This only results in spiraling salaries causing increased state taxes as well as increased property taxes. Both being the source of school revenues and paid for by the individual taxpayer. Mr. Bickford also states that he and the Union 22 committee felt that the State Department of Education should discourage superintendents, principals and teachers from moving from one position to another within the state after their yearly contracts have been ratified. The yearly contracts now are binding to school committees but not to superintendents, principals and teachers.

Park School on September 8, at 10:00 a. m. Afternoon meetings will be announced at that time.

II during the next fiscal year would include assistance to families with yearly incomes of \$1000 or lower. This assistance must be requested by the persons interested. Loans are available to families who do not have decent, safe and sanitary housing. Many times their resources can be developed to give them a better standard of living. Loans are available to install bathrooms, water supplies and improve housing in other ways. Member citizens who find it especially difficult to secure loans for housing or improving their homes may also be eligible for assistance under this housing program.

Some of the eligibility requirements are that the applicant be a U. S. citizen and of legal age to contract debts, possess character and ability to repay the loan and be unable to secure credit at reasonable terms from other credit sources in the area.

THIS IS PROGRESS!! On the right is a photo taken in June of 1960 at the corner of Railroad and Main Streets. Last week the same corner appeared as pictured at the left. The large sign was caused to be removed four years ago because, among other reasons, it distracted drivers at a busy intersection. Now, at a corner no less busy than it was four years ago, they are presented six commercial signs to read as well as various highway information signs.
